From the New York Times bestselling author of Bird Box and Malorie comes a haunting tale of love and mystery, as the date of a lifetime becomes a maddening exploration of the depths of the heart. Malerman expertly conjures a fairy tale nostalgia of first love, and we follow along, all too willingly, ignoring the warning signs even as the fear takes hold. Lit Reactor The story begins: young lovers, anxious to connect, agree to a first date, thinking outside of the box. At seventeen years old, James and Amelia can feel the rest of their lives beginning. They have got this summer and this summer alone to experience the extraordinary. But they didn't expect to find it in a house at the bottom of a lake. The house is cold and dark, but it's also their own. Caution be damned, until being carefree becomes dangerous. For the teens must decide: swim deeper into the house all the while falling deeper in love? Whatever they do, they will never be able to turn their backs on what they discovered together. And what they learned: Just because a house is empty, doesn't mean nobody's home.

Two separate homicides, at different locations, with unrelated victims, have more in common than just being investigated by Boston PD detective Jane Rizzoli and medical examiner Maura Isles. In both cases, the bodies bear startling wounds - yet the actual cause of death is unknown. It's a doubly challenging case for the cop and the coroner to be taking on, at a fraught time for both of them. As Jane struggles to save her mother from the crumbling marriage that threatens to bury her, Maura grapples with the imminent death of her own

mother - infamous serial killer Amalthea Lank. While Jane tends to her mother, there's nothing Maura can do for Amalthea, except endure one final battle of wills with the woman whose shadow has haunted her all her life. Though succumbing to cancer, Amalthea hasn't lost her taste for manipulating her estranged daughter - this time by dangling a cryptic clue about the two bizarre murders Maura and Jane are desperately trying to solve. But whatever the dying convict knows is only a piece of the puzzle. Soon the investigation leads to a secretive young woman who survived a shocking abuse scandal, an independent horror film that may be rooted in reality, and a slew of martyred saints who died cruel and unusual deaths. And just when Rizzoli and Isles think they've cornered a devilish predator, the long-buried past rears its head - and threatens to engulf more innocent lives, including their own.

SOMETIMES MYSTERIES ARE NEVER SOLVED. SOMETIMES THERE ARE NO ANSWERS. DR. LAURA PAVLOV, an American forensic archaeologist, is about to unravel a mystery that promises to shed light on one of the twentieth century's greatest enigmas. Digging on the outskirts of the present-day Russian city of Ekaterinburg, where the Romanov royal family was executed in July 1918, Pavlov discovers a body perfectly preserved in the permafrost of a disused mine shaft. The remains offer dramatic new clues to the disappearance of the Romanovs, and in particular their famous daughter, Princess Anastasia, whose murder has always been in question. Pavlov's discovery sets her on an unlikely journey to Ireland, where a carefully hidden account of a years-old covert mission is about to change the accepted course of world history and hurl her back into the past—into a maelstrom of deceit, secrets, and lies. Drawn from historical fact, *The Romanov Conspiracy* is a page-turning story of love and friendship tested by war, and a desperate battle between revenge and redemption, set against one of the most bloody and brutal revolutions in world history.
