It's a strange thing, nyctophobia. You're not born with it. It can start at any time. It comes and goes, and it's one of the only phobias you can transmit to other people. Newly-married architect Callie and her wealthy husband Mateo move to Hyperion House, a grand old home in southern Spain. It's an eccentric place built in front of a cliff: serene and beautiful, but eerily symmetrical, and cunningly styled so that half the house is flooded with light, and half is locked up and neglected is shrouded in darkness.

Unemployed and feeling isolated in a foreign country, Callie determines to research the history of the curious building. But the past is sometimes best left alone. Uncovering the folklore of the house's strange history, Callie is drawn into darkness and delusion. As a teenager Callie was afraid of the dark, and now with her adolescent nyctophobia returning she becomes convinced there's someone in the darkened rooms. Somewhere in the darkness lies the truth about Hyperion House. But some doors should never be opened.

There are two things you need to know about haunted houses. One, there's never been an actual authenticated haunted house. Two, it's not the house that's haunted, but the person. Callie is a young architectural student who marries Mateo, a wine importer, and moves to a grand old house in Southern Spain. Hyperion House is flooded with light, it also has a mute gardener, a sinister housekeeper and a sealed, dark servants' quarters that nobody has the keys for. And although initially happy, and taking care of Mateo's daughter, Callie can't help being drawn to the dark empty rooms at the back of the house, and becomes convinced that someone is living in there. Uncovering the house's history, she discovers the shocking truth. As Callie's fear of the darkness returns, she comes to understand the true nature of evil.

“The most delightfully, wickedly entertaining duo in crime fiction.”  
The Plain Dealer  
When a prominent politician is crushed by a fruit van making a delivery, the singular team of Arthur Bryant and John May overcome insurmountable odds to reunite the PCU and solve the case in this brainy new mystery from acclaimed author Christopher Fowler. On a spring morning in London's Strand, the Speaker of the House of Commons is nearly killed by a van unloading oranges and lemons for the annual St. Clement Danes celebration. It's an absurd near-death experience, but the government is more interested in investigating the Speaker's state of mind just prior to his accident. The task is given to the Peculiar Crimes Unit—the only problem being that the unit no longer exists. Its chief, Raymond Land, is tending his daffodils on the Isle of Wight and senior detectives Arthur Bryant and John May are out of commission—May has just undergone surgery for a bullet wound and Bryant has been missing for a month. What's more, their old office in King's Cross is being turned into a vegetarian tapas bar. Against impossible odds, the team is reassembled and once again what should be a simple case becomes a lunatic farrago involving arson, suicide, magicians, academics and a race to catch a killer with a master plan involving London churches. Joining their team this time is Sidney, a young woman with no previous experience, plenty of attitude—and a surprising secret.

Edgy, suspenseful, and darkly comic, here is the first novel in a riveting mystery series starring two cranky but brilliant old detectives whose lifelong friendship was forged solving crimes for the London Police Department's Peculiar Crimes Unit. In *Full Dark House*, Christopher Fowler tells the story of both their first and last case—and how along the way the unlikely pair of crime fighters changed the face of detection. A present-day bombing rips through London and claims the life of eighty-year-old detective Arthur Bryant. For his partner John May, it means the end of a partnership that lasted over half-a-century and an eerie echo back to the Blitz of World War II when they first met. Desperately searching for clues to the killer's identity, May finds his old friend's notes of their very first case and becomes convinced that the past has returned . . . with a killing vengeance. It begins when a dancer in a risqué new production of *Orpheus in Hell* is found without her feet. Suddenly, the young detectives are plunged in a bizarre gothic mystery that will push them to their limits—and beyond. For in a city shaken by war, a faceless killer is stalking London's theaters, creating his own kind of sinister drama. And it will take Arthur Bryant's unorthodox techniques and John May's dogged police work to catch a criminal whose ability to escape detection seems almost supernatural—a murderer who even decades later seems to have claimed the life of one of them . . . and is ready to claim the other. Filled with startling twists, unforgettable characters, and a mystery that will keep you guessing, *Full Dark House* is a witty, heartbreaking, and all-too-human thriller about the hunt for an inhuman killer.

city with every temptation on offer. Seizing the opportunity to escape, June moves in only to find that there's no electricity and no phone. She must flat-sit until the security system comes back on. When a terrified girl breaks into the flat and June makes the mistake of asking the neighbours for help, she finds herself embroiled in an escalating nightmare, trying to prove that a murderer exists. For the next 24 hours she must survive on the streets without friends or money and solve an impossible crime.

NAMED ONE OF THE TEN BEST MYSTERIES OF THE YEAR BY THE SEATTLE TIMES □  
London's wildest detectives, Arthur Bryant and John May, are on the case in this fiendishly clever mystery. And when a cemetery becomes the scene of a crime, neither secrets nor bodies stay buried. Romain Curtis sneaks into St. George's Gardens one evening with his date, planning to show her the stars. A centuries-old burial ground, the small, quiet park is the perfect place to be alone. Yet the night takes a chilling turn when the two teenagers spy a strange figure rising from among the tombstones: a corpse emerging from the grave. Suffice it to say that wherever there's a dead man walking, Bryant and May and the Peculiar Crimes Unit are never far behind. As the PCU investigates the sighting, a second urgent matter requires their unusual brand of problem-solving. Seven ravens have gone missing from their historic home in the Tower of London, and legend has it that when the ravens disappear, England will fall. Bryant has been tasked with recovering the lost birds, but when Romain is suddenly found dead, the two seemingly separate mysteries start to intertwine and point to a plot more sinister than anyone could ever imagine. Soon Bryant and May find themselves immersed in London's darkest lore, from Victorian-era body snatchers, to arcane black magic, to the grisly myth behind Bleeding Heart Yard, a courtyard long associated with murder. And as the body count spikes and more coffins are unearthed, they will have to dig deep to catch a killer and finally lay these cases to rest. Darkly funny

and fast-paced, Bryant & May and the Bleeding Heart is a brilliantly twisting puzzle, conjured from the inventive mind of Christopher Fowler. Praise for Bryant & May and the Bleeding Heart "Let's talk about guilty pleasures. . . . A historic burial ground like St. George's Garden, scene of the unfortunate incident of resurrection, is right up [Arthur Bryant's] dark alley. And mine." "Marilyn Stasio, The New York Times Book Review "Delectably droll . . . criminally underappreciated . . . guaranteed to amuse . . . [Bryant & May are] endearing throwbacks to a time when this genre was brainy and pure. They are the last of a breed and they know it. . . . Their very credibility puts quaint old Bryant & May in a class of their own." "Janet Maslin, The New York Times "Fans of the series will enjoy the continuing travails of these two long-suffering octogenerian friends and their fellow officers. Newcomers will appreciate the twists and turns of the case as well as the many details from the odd corners of one of the world's great cities." "Library Journal "Endearingly eccentric . . . intriguing." "Publishers Weekly "Hilarious . . . a charming and intriguing mystery mixed with marvelous characters. [Christopher] Fowler's snarky writing elevates what could be dull or routine and makes it a true joy to read." "RT Book Reviews "Make Bryant & May and the Bleeding Heart the next book you read. . . . These stories are witty, challenging, engrossing, informative and incredibly well written. . . . Picture a television series that is a rough mash-up of Law & Order, The X-Files and Monty Python's Flying Circus. . . . I sensed Sir Arthur Conan Doyle, Ed McBain and Agatha Christie nodding in approval. . . . [Fowler's] latest book contains some of his best writing." "Bookreporter

A twisted take on Narnia, this warmhearted, dryly comic novel from the award-winning author of the Peculiar Crimes Unit series starring Bryant & May transports readers to the last poignant moment of freedom before growing up. Kay Goodwin is a sixteen-year-old boy with a smart mouth and too much imagination, trapped in the most dismal place in England at the worst possible time: the early seventies. Marooned in the rundown seaside resort of Cole Bay, with its crumbling pier and grumbling pensioners, Kay experiences each day as a horrible comedy of errors—until he discovers a faraway land with characters who are impossibly exotic yet strangely familiar. In the kingdom of Calabash, he can have everything he's ever wanted from life. There's only one small problem: Calabash doesn't technically exist. In a country that's still hungover from the sixties, Kay finds it all too easy to retreat from reality. But he's prepared to risk everything to find out what makes him different, what his life really holds, and what happens to those who believe in the impossible.
