country the federal government did not intervene when the economy turned down. And all that time the downturns all corrected themselves; one of the

~~Thomas Sowell discusses his essay "Trickle Down Theory~~

~~...~~

Trickle-down economics, also called trickle-down theory, refers to the economic proposition that taxes on businesses and the wealthy in society should be reduced as a means to stimulate business investment in the short term and benefit society at large in the long term. In recent history, the term has been used by critics of supply-side economic policies, such as "Reaganomics".
