One hundred years have passed since the birth of Baby's miraculous offspring, Echo. The United States has evolved to a point of politically driven economic collapse. An abused mother escapes with her two sickly children, Scotty and Abby, from the tenements of Short Hills to the farmland of Sussex County. There she unites with a Latino family who has provided a loving home to Jose, a young Costa Rican boy who has been traumatized by murder and kidnap. The two families find themselves the subject of the psychotic attention of Armoni, a soul damaged beyond redemption, as their lives become entwined with Echo's, who is intent on thwarting the efforts of the heinous people who prey on the lives of other creatures. And as the insidious miscreant, Armoni, tracks them down, bringing brutality and violence to all, Netty recruits a heartbroken Abby to mount a mission to rescue the wildlife of Earth before despicable events bring on the spectre of Armageddon. Echo is the second book in the Alien Species Intervention #6609, an alien apocalyptic saga spanning 200 years from the Prohibition to the distant future. It encompasses tender love between divergent species, political downfalls and acts of unspeakable violence. When you think you've figured it out . . . WHAM! You won't see it coming. Thriller, horror, science fiction and fantasy all in one, the series is a gripping psychological exploration of how the inherent greed and evil of man is dooming planet Earth and its inhabitants. Warning: Alien Species Intervention #6609 contains violence that a sensitive reader may find confronting.

Sun Web Server: The Essential Guide William Nelson • Arvind Srinivasan • Murthy Chintalapati (CVR) Foreword by Scott G. McNealy The authoritative, comprehensive guide to Sun Web Server 7.0 Sun Web Server is the secure web serving platform of choice for large-scale enterprises in industries from finance and telecommunications to travel and government. Now there's a complete, detailed guide to the latest Sun Web Server 7.0 release. Drawing on unsurpassed experience both training and supporting Sun's enterprise customers, this book's authors cover everything that developers, administrators, and architects need to know to implement and support Sun Web Server 7.0 within a single node or across an entire server farm. Server administrators will find task-focused coverage and hands-on examples for installation, configuration, cluster management, monitoring, and troubleshooting. Developers and architects will gain powerful insights into Sun Web Server's internals and learn how to extend its built-in functionality. Enterprise deployment specialists will find indispensable information on sizing and tuning, plus reference configurations to deploy advanced Web 2.0-style dynamic web sites. Whatever your role, this book will help you hit the ground running and get superior results for years to come. Coverage includes • Taking advantage of Sun Web Server 7.0's powerful new features • Walking through initial installations and upgrades • Customizing Sun Web Server's HTTP request processing to your specific requirements • Building dynamic content with scripting languages and server-side Java-based extensions • Creating secure dynamic Web 2.0 sites with your dynamic content and database technologies of choice • Monitoring server instances in live production environments and optimizing performance • Resolving server errors and other anomalies in Web Server runtime behavior • Using actual server configuration files from Sun's own large-scale technology deployments • Using the detailed reference information on Sun Web Server's main server configuration file About the Web Site This book's companion web site, www.sunwebservice.com, contains FAQs, errata, answers to self-paced exercises, and links to download locations and product forums.

Anderson "The Spider" Silva—Brazilian Jiu-Jitsu black belt, boxing and Muay Thai specialist and current UFC middleweight champion—is the most decorated martial artist in the UFC. In Mixed Martial Arts Instruction Manual: The Muay Thai Clinch, Takedowns, Takedown Defense & Ground Fighting, Silva unveils the secrets to his fighting success. Beginning where his first book, The Mixed Martial Arts Instruction Manual: Striking left off, Silva demonstrates how to devastate opponents from the Muay Thai clinch with off-balancing techniques and brutal knee and elbow strikes. Silva also devotes an entire section to focus mitt drills that hone striking combinations. This book is a must-have for any fighter looking to improve his ground game.

Philosophy and Kafka is a collection of original essays interrogating the relationship of literature and philosophy. The essays either discuss specific philosophical commentaries on Kafka's work, consider the possible relevance of certain philosophical outlooks for examining Kafka's writings, or examine Kafka's writings in terms of a specific philosophical theme, such as communication and subjectivity, language and meaning, knowledge and truth, the human/animal divide, justice, and freedom.

This pioneering book studies biodynamic wines and winemaking principles and is written by an award-winning expert and leading authority on the subject. Monty Waldin explains in detail how biodynamic winemaking differs from organic winemaking, and how this

In this groundbreaking book, psychologist Zeff explores the unique challenges of sensitive boys, showing parents, educators, and mentors how to help them grow into strong, happy, and confident men.
